

Idaho Transportation Department

Fuel Index

A fuel index is established each month by the Department for use in determining fuel price adjustments for contracts that include the fuel price adjustment special provisions. The fuel index for a given month will be the price as reported by the Oil Price Information Service (OPIS) on the first Monday of that month for No. 2 diesel fuel, low sulphur clear. The applicable terminals for each District are as follows:

District 1 and District 2: Spokane

District 3: Boise

District 4: Burley

District 5 and 6: Pocatello.
